

EDMUND S. WOLFE DECLARES WE ARE NEAR NORMALCY

Edmund S. Wolfe, president of the First National Bank, the Chamber of Commerce, and dean of the Junior Chamber, in an address to the members of the Junior Chamber at the annual meeting of their organization at the Seaside Club last night, stated that the increase in foreign exchange, the revival of the building industry, the increase of the steel and copper business, all pointed towards the rapid return to normalcy. Among other subjects Mr. Wolfe spoke on the bonus question, the existing high freight rate, and the present state of taxation.

"I believe that the Chamber of Commerce's search into the city's finances during the last administration through its non-partisan efforts effected the political changes on State street (city hall) more than any other factor," he said.

Seward B. Price, secretary of the local Chamber of Commerce, was the honorary toastmaster and introduced the new officers of the Junior Chamber as follows: Bradford Warner, president; R. H. Batley, vice president; Harold French, second vice president; C. A. Willard, secretary; Russell Y. Moore, treasurer.

About 125 attended the dinner, during which singing was indulged in, to the accompaniment of the bankers' orchestra, which is to play at the final Junior Chamber of Commerce dance, May 2.

National Report the D. A. R. Read at Meeting

Mrs. C. Nathaniel Worthen, regent, presided at the May meeting of Mary Killman chapter, D. A. R., held yesterday afternoon in the sun parlor of the Stratfield hotel.

The meeting consisted of two main features, the reading of the report of the national D. A. R. convention in Washington a few weeks ago, and the review of the salient points in the history of King's Highway. The latter talk was given by Mrs. Samuel Garlick, the chapter chaplain, who for the past few weeks has made a special study of the Highway. She presented to the Chapter a handsome leather bound book containing this information, the gift of C. Nathaniel Worthen. Mrs. John Merwin and Mrs. Frederick Stevens and Mrs. Frederick Strong, read the report on the convention.

During the afternoon Mrs. Frederick B. Grannis sang several splendid selections accompanied by Mrs. George Windsor. To provide for any deficit which may occur when the accounts for the year are settled a card party will be given Friday afternoon, May 24, at 2:30 at the home of Mrs. Worthen, 2340 North avenue.

Mrs. Herman Pardon is chairman of a large committee in charge of the penny supper to be held in the Sunday school rooms of the Black Rock Congregational church on Friday evening, at 6:30. The proceeds of the affair will be placed in the Sunday school treasury.

All Who Are Thin and Pale Need Father John's Medicine

Strength and weight lost during the winter should be made up in the spring. Father John's Medicine is just the thing to bring about this desired change for it is pure nourishment and contains just the elements to make flesh and strength. It contains no alcohol or dangerous drugs.

"Allied Hunger Loan," May Be Title Applied To Allied Appropriation To Russians

By S. D. WEYER.
I. N. S. Staff Correspondent.
Genoa, May 9.—The Russian delegation to the International Economic Conference will reply within 12 hours to the demand of Louis Barthou, head of the French delegation for a show down on the Allies' conditions for recognition of the Moscow govern-

ment. The Russians claim that M. Barthou's demand for a yes or no answer is a "private ultimatum." It is admitted that the tension has been heightened.

The Russians contend further that the declaration of M. Barthou was a deliberate challenge, and that it was designed to put the onus for a possi-

ble break up of the conference upon Russia.

While Georges Tchitcherine, head of the Russian delegation, was putting the finishing touches upon the Russian document at a report sprang up that, despite the French demand for an unequivocal answer, the reply would be a preliminary answer, pointing out that the memorandum handed to them has not been unanimously accepted by the Allies themselves.

This contention of Russia is true inasmuch as the French and Belgians have not approved it.

The Belgians apparently have washed their hands of the Allies' document while Barthou came back from Paris with instructions not to approve the memorandum until Belgium did so.

It is reported in British circles that Lloyd George is considerably piqued over the French attitude and

that he has informed M. Barthou that the Anglo-French entente may be considered at an end and that Great Britain now considers herself free to cultivate other friendships. Another version was that Premier Lloyd George had told the French that France must choose between Belgium and Britain.

There was a rumor in French quarters that Japan has started negotiations for an eventual separate agreement with Russia if the powers fail to reach a general agreement on the Russian issue, whether or not the Russians aimed at such a consummation. The Russian issue has had the effect of beginning a regrouping of European powers.

Sir George Faish, famous British economist, who is in Genoa, in a statement suggests that a loan be made to Russia to be known as the

"Allied Hunger Loan," and that its use be limited strictly to fighting famine. It would be expended under Allied control.

No further decisive developments were anticipated in the Anglo-French crisis until the Russian answer had been delivered. Pending the return of the Russian premier Lloyd George is making no move in any other direction.

Anglo-Italian memorandum was handed to the Russians on Sunday and it was understood today to explain exactly how much money and credit the Russians might expect if they accepted the Allied conditions.

EX-PRINCESS SENTENCED.

Moscow, May 9.—(By the A. P.)—The former Princess Gagarin has been

sentenced to five years' imprisonment by a Soviet court because, while an agent of the Cheka or government police, she acted as adviser to the Most Red Dr. Tikhon, patriarch of Russia, who is shortly to go on trial charged with obstructing the requisitioning of church treasures by the government.

Mr. and Mrs. T. W. Tennant of 163 Woodland avenue entertained a number of guests at their home recently in honor of their 16th wedding anniversary. The couple were the recipients of many handsome gifts.

Because of the smallpox epidemic, the regular meeting of the North End Parent-Teachers association of Stratford, which was scheduled to be held Tuesday, cannot take place by order of the Health officers.
