

PEERLESS

The Peerless Eight Chassis Its Typical Characteristics

In the chassis of the Two-Power Range Eight are realized the characteristics most desired by the motorist. These characteristics are dependability, smooth performance and ease of operation.

Dependability is assured in the Peerless Eight by the correctness of its design and the mechanical accuracy of its construction.

The exceptional smoothness of performance is due to the flexibility of the eight cylinder motor and its Two-Power Ranges together with the skillful arrangement and coordination of other units.

The ease of operation of the Peerless Eight is unsurpassed by any other make of car having a comparable carrying capacity, power and speed. This is due to the compactness and flexibility of the eight cylinder motor which makes possible a short wheel base and consequently a light car with a quick get away in traffic and great power on hills.

To attain these characteristics no factor of comfort or beauty are sacrificed and maximum economy is attained.

Price effective March 1st and subject to change without notice.

Two-Power Range
Roadster, \$3050
Sedan, \$3900

Coupe, \$3700
Sedan-Limousine, \$4150

SAVE AND INVEST FOR FUTURE NEED URGES GOVERNOR

Governor Holcomb has issued a statement at the request of the savings division of Connecticut of the United States treasury department calling upon citizens of the state to lay aside sums of money at regular intervals, and recommending investment of these savings in thrift and war savings stamps and treasury savings certificates. The statement follows:

"Thinking citizens of Connecticut at the present time can easily comprehend that the greatest asset of our

business and industrial life is to have a substantial reserve when times of stress and necessity come.

"At the present time most of us are able to lay aside sums of money at regular intervals. Investment of these savings in thrift and war savings stamps and treasury savings certificates offers one of the most remunerative and most desirable forms of savings.

"I therefore urge upon citizens of Connecticut in every possible way to affiliate themselves with the plans and aims of the savings division of the treasury department of the United States and to make regular investments of their savings in government securities."

GET VOLUNTEERS FOR Y. W. DRIVE

During a meeting of members of the Y. W. C. A. in the club rooms on Golden Hill street last night many volunteers were procured for the drive for \$25,000 to be carried on during the week of April 18 for the relief of Hungarian sufferers. Addresses in which the nature of the drive, as well as its humanitarian purpose, were delivered by Rev. Stephen F. Chertitzky, pastor of St. Stephen's church, chairman of the executive committee, and Mrs. H. Willard Fleck, chairman of the tag day committee. Miss Minnie Rakotzky, teacher in Edinboro school, who has been chosen field marshal of tag day, also spoke.

Rev. G. J. Donahue of St. Augustine's church, urged the support of the organization members, and his appeal for volunteer workers was responded to with enthusiasm by many women. Father Donahue and Miss Mary Stapleton, principal of Longfellow school, will address the meeting tonight of the Newman Literary club.

The first meeting of the officials and workers in the drive will take place at 8 o'clock tonight in the headquarters which have been opened in Room 29 in The Stratfield. Instructions will be given out as to how each worker is to carry on their part of the task.

It has been decided to open the campaign with a concert on Sunday afternoon at 2 o'clock, April 18, in the Lyric theatre. The committee is now arranging its program which is to consist of singing, playing and speaking by prominent artists of Hungarian birth and American fame.

TEACHERS SCARCE; SITUATION GRAVE

The state board of education, at its monthly meeting held at the Capitol in Hartford yesterday, considered the shortage of teachers throughout the state, and it was announced that a campaign is to be waged to have more young women enter the normal schools. So much has been said during the past few months regarding the low pay being received by teachers, that young women are not anxious to devote their lives to a work that is not so remunerative as other lines of endeavor.

Walter D. Hood, principal of the Abbott school at Winsted, and a member of the board, acted as secretary during the absence of Charles D. Hine, who is ill. Mr. Hood said that it was no secret that the scarcity of school teachers is causing grave concern in Connecticut, and that he had heard, although not from an official source, that several small town schools have had to get along with instructors who were not up to the standard. Following the session of the board, the committee on normal schools held a meeting, at which plans were discussed for building of a normal school in New Britain, to replace the one already there. The present normal school is in the heart of the city and at the last session of the Legislature an appropriation was made for additional land. None could be purchased near the present school building, so the board purchased land in another section, and will ask for an appropriation from the next Legislature to build another school building. When this is done, the present school will be sold.

Times Want Ads One Cent a Word. Use Them

"BUL BUL" TO BE PRESENTED ON MAY 27

May 27 has been chosen for the date of the presentation of the operetta, "Bul Bul" to be given under the auspices of the Children of Mary society of Sacred Heart church. Miss Margaret V. Kieley, who has directed many of the plays given by the church societies, will again train the artists.

The play deals with the intensely amusing situation of mistaken identity. The setting is that of the quaint old courts in the early nineteenth century. English and Persian atmospheres surround the story. The costuming will be very elaborate.

Among those who will take part are: Miss Lucy Clancy, Miss Genevieve Brown, Miss Catherine Lombard, Miss Theresa O'Brien, Miss Mae Casperly, Miss Julia Day, Miss Leila Walsh, Miss Madeline Parley, Miss Julia Cook, Miss Josephine Kewin, Miss Irene Hassett and Messrs. Joseph Miller, John Miles, Joseph Onkey, Jeremiah Kieley and Ray Ballou. The principals will be ably assisted by a chorus of about 40 mixed voices.

GOVERNOR WATCHING STRIKE SITUATION.

Governor Marcus H. Holcomb will call out the Connecticut State Guard for duty in connection with the strike if circumstances demand it, it was learned yesterday. It had been persistently reported in Hartford yesterday that the governor was considering calling the guard to keep trains in operation and to assure an adequate food supply. When asked last night if he had considered calling out the guard, Governor Holcomb said:

"We are always figuring on possibilities and the guard will be called out if there is any necessity for its being called. It will all depend on the events of the next few days."

The governor did not discuss any plans for action in the strike other than "figuring on possibilities."

DANBURY RECEIVES BUT TWO CARS OF BEEF

Danbury, April 14—Only two car loads of beef from the West came in here yesterday over the Central New England railroad compared with the usual daily shipment of between 50 and 60 cars, divided into two trains, one for Boston and the other for Providence and New Haven. The two cars handled through here were consigned to Providence. Freight traffic from the West reached a low mark in the railroad yards, where about 100 switchmen and firemen employed by the Central New England and the New Haven railroads have quit work. No change in the situation here was noticeable. Passenger trains were run, although slightly delayed.

MAY AIR DEAL IN OPEN COURT

New York, April 14—Probability of an airing in open court of "short" dealings in the recent alleged "corner" of Stutz Motor Car Company stock stirred Wall Street today following the resignation from the New York Stock Exchange of Allan A. Ryan, chairman of the Stutz Company board of directors.

Mr. Ryan tendered his resignation to the board of governors of the exchange yesterday afternoon.

His letter of resignation charged that members of the board were interested in firms which were "short" of Stutz and that "on your very committee having this matter in hand there is an active member who is a partner of a firm that is not only short of a large number of the shares but continued to sell Stutz up to the last moment that trading was allowed, and has yet failed to make deliveries of such sales."

This charge resulted in a meeting of the board's law committee late yesterday afternoon at which a statement was prepared.

Oh! Man!

DO you know that feeling of being at peace with the world? Of being able to smile instead of scowl in the morning? If not, Van Dyk's Duchess coffee is what you want at breakfast. Oh, man! It sure makes the sun shine!

Cor. John

OUR ONLY STORE IN BRIDGEPORT.

Mr. Ryan declined to discuss this statement but made public a list of nine other members of the board of governors whose firms he said were "mentioned in Wall street gossip" as being short of Stutz either for themselves or their customers.

The board of governors was expected to take up the Stutz matter at its regular meeting this afternoon. In the meantime the Stutz protective committee, organized to represent the "short" interests, was collecting authority from the "shorts" to act as

their representative in anticipation of a legal battle. The committee has retained Charles E. Hughes as advisory counsel.

Mr. Ryan's fight against the exchange has served to cement more closely his relations with his father, Thomas F. Ryan, which were reported to have been strained for several years. The senior Mr. Ryan said yesterday he admired "the indomitable fighting spirit" of his son and would back him in his controversy with the exchange to the limit of his resources.

FOR LIVER AND BOWELS

WHILE YOU SLEEP

"I feel grand! That Headache, Biliousness and Constipation is gone."

A HIDDEN DANGER

It is as dangerous to overload the stomach—thereby increasing the work of the liver and kidneys—as it is to sit on a powder keg! If the stomach does not function properly, the food digested is not assimilated and taken up by the blood.

A stomach alternative and blood maker that has been favorably known for the past 50 years is Dr. Pierce's Golden Medical Discovery.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alternative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutriment the blood requires. This "Medical Discovery" gives no false stimulation, because it contains no alcohol or other narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood.

ALTON, NEW HAMPSHIRE.—"I derived great benefit from the use of Doctor Pierce's medicines, and wish I had taken them just as soon as I commenced to feel 'out of sorts,' as the old folks used to say. I had a nervous break-down, suffered from indigestion, gas in stomach, and at times the distress seemed to be all thru my body, which made me feel very bad. I thought I should never be well again, but I thank God for creating herbs that will heal all diseases if we only know what they are and where to find them, and I can truly say that Dr. Pierce's Golden Medical Discovery, Dr. Pierce's Iron-Tonic (iron- tonic) Tablets and other remedies have done me more good than anything else I have ever tried. I can recommend Dr. Pierce's remedies to all, as I believe they are the best real herb medicines."—F. F. TOWNSEND.
